Theme	1-13	"The Rollstone Boulder is one of the erratic boulders brought down by the last glacier from at least one hundred miles north, and left on Rollstone Hill. Because of its interesting history and through the benevolence of Fitchburg citizens, in 1931 it was removed from its position there to a place near the Unitarian church and placed at the Upper Common as a memorial. Since it is a traditional landmark of Fitchburg and because a rock conveys the idea of strength and long life, the class of 1932 has thought it fitting to name their class book 'The Boulder.'" ## Dedication

*We the class of 1982 wish to co-dedicate our yearbook to the two individuals who have done the most for us through our three years at FHS, Mr. Richard Tiernan and Mrs. Manzello Ivers.*

*Mrs. Ivers, as our class advisor you have outdone yourself on every occasion. Whether it was thinking and planning class activities, enthusiastically joining in the fun at school functions, or showcasing your talents in the classroom you've always given us your best. We want to thank you, Mrs. Ivers, for being around whenever you were needed. The class of 1982 wouldn't Be without you. Thanks again for the best three years possible.*

## *Dedication*

*Mr. Richard Tiernan, you have had a special impact on the class of 1982. As our dean and our friend you have disciplined us with the hopes of reforming us, you have tried endlessly to make us understand the importance of our performance at FHS, and you have befriended us at both school and class activities. Your concern for the class of 1982 was obvious. Our thoughts will be with you always, Mr. Tiernan — our class Dean.*

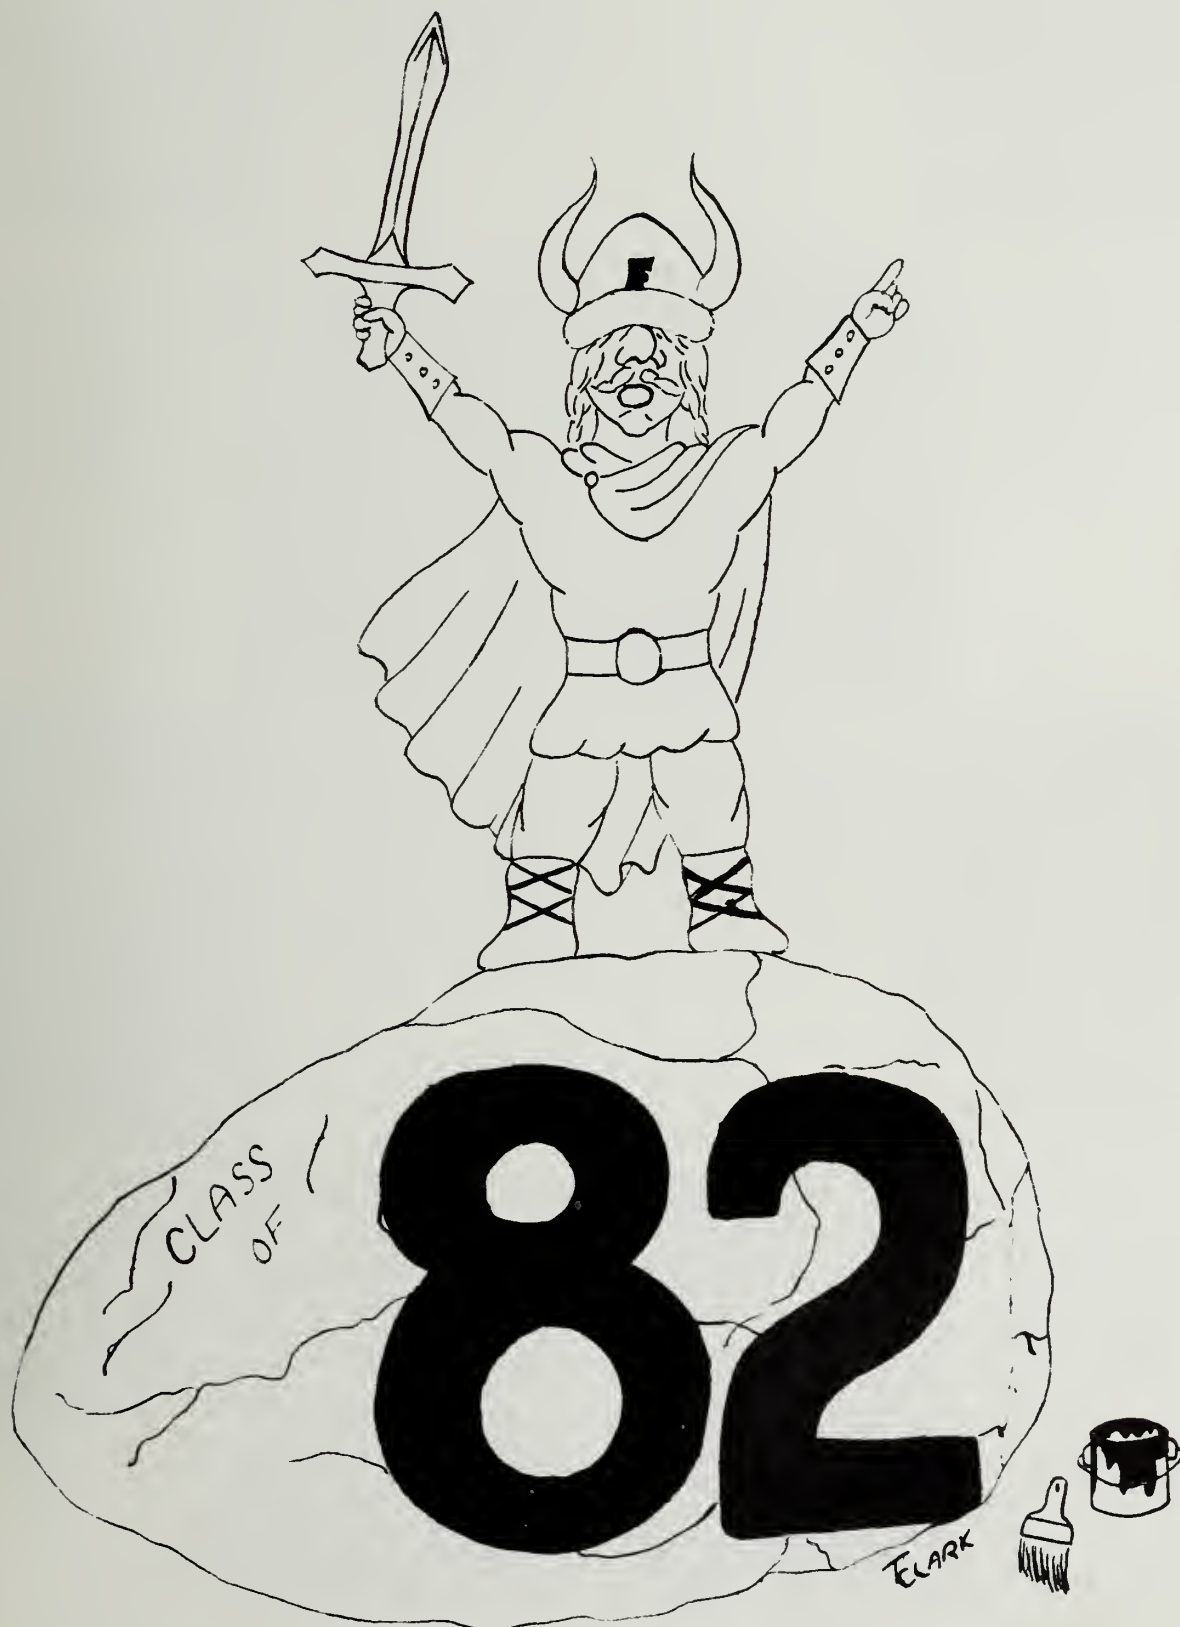

*It takes not only dedication and hours of unselfish toiling but great courage to advise the publication of a yearbook for the first time. You, Mr. Stephen LeBlanc, have all of these qualities in your own special way. As your first yearbook staff we've seen everything that you've put into this book and wish to express our deepest appreciation to you for making the 1982 Boulder possible. Thank you, "Shifty." Best wishes on future yearbooks.*
